Moore, Lee

POSSIBLE areas of concern: self esteem, depression

Psychological report by Terry Schwartz, Psy.D—Conduct D/O—saw him approx. every week stated that Lee would not open up to him therefore he terminated.?????

School records Mt. Healthy -- C's and D's and F's

withdrew in January 1993 - moving into the Woodward school district withdrawal dated for my 1992 so Lee could work full time expulsion in April 1991 9th grade

Lee Moore, Sr., Betty, Verdena (sister), Erik, (cousin)

(dad could not state child's birth date, had to ask wife. could not clearly recall the developmental milestones, did not give detailed history of Lee as a child while he was with the family) (Erik and Lee used to be close)

- 1. Dad received letter from Lee, (have copy)

 - d. school was Central Baptist
- e. Lee began at Mt. Healthy around the 3 or 4 grade because he had failed that greade and mom did not want to waste the money if he were not going to pass his classes. (dad seemed to isplay indifference to this, seemed to want to subtley blame mom for the school change) Central was expensive because it was private
 - f. seemed to recall that during the 5 and 6 grade Lee seemed to do ok.
- 3. Mom did most of the discipline spanking with hand and sometimes with a belt
- 4. reported that Lee did drugs and alcohol around tha age of 17 or 18, felt that Lee was doing some selling also (Erik) Lee sucomed to peer pressure in this area because he wanted to be accepted - LEE DID NOT KNOW HOW TO ADEQUATELY MAKE FRIENDS NOR HOW TO DEAL WITH THE ACCEPTANCE OF THE FRIENDS HE DID MAKE - SOCIALLY AWKWARD (?)
- 5. (Erik) Lee knew that the lifestyle that he was leading was wrong, but he did it anyway
- 6. (Erik and Dad) Lee did not seem to see things realistically, nor did he stop to fully consider the consequences of his actions
- 7. (dad) at 18 applied to Job Corps but was not accepted because of his past criminal history
- 8. (dad) 17 caught using drugs, unclear of the exact charge initially, could have been trafficking, however, the final charge was either possesion or use

 - 10. (dad) when Lee angry he usually slammed doors and went off in a huff
- 11. (Erik) Lee's behavior seemed right in line with the rest of the group he seemed to be no different nor display any other type of negative behavior
 - 12. (group) Lee was talkative, smart, seemed to have normal cildhood
- 13. AROUND THE AGE OF 17 BEHAVIOR DETERIORATED -- Around this point in time Lee was jumped and this seemed to have an adverse effect on him
- 14. (Erik) Lee wanted money always wanted the easy way Lee probably never intended to use the gun - may have wanted to use the gun to scare - he probably scared and did not what to do - Lee always very panicky (nervous, jumpy) when he was scared (WHY WAS THE GUN LOADED THEN?)

CREDIT CARDS!!

- 17. (Erik) Mt. healthy friends were the type who always wanted to be better or seem better thatn other people, however they were not into violence or negative things
- 18. (Erik) Lee always a big risk taker, never though that he would get caught always had things figuered out so that he would not get into trouble
- 19. (Erik) the robbery part of the crime was probably pre-meditated Lee liked nice cars, wanted one Olinger had a nice car.
- 20. (Erik) prior to the robbery and murder, Lee and his friends had gone out for some time looking for possible robbery victims, unclear whether this was the planning stages or whether they were just having fun, they would talk and plan how to commit the robbery, however they never actually robbed anyone before mr. Olinger
- a. (Erik) BECAUSE LEE WAS ROBBED AT GUNPOINT AND IT HAD HIM SCARED AND WORKED ON HIM HE MAY HAVE THOUGHT THAT THIS WAS THE BEST AND QUICKEST WAY TO COMMIT THE ACT OF ROBBERY AND LEAVE SOMEONE VERY SCARED AND UNABLE TO DEFEND THEMSELVES
